PORTFOLIO WEBSITE

portfolio-andriesvdw1.netlify.app Portfolio Website created using React.

EXPERIENCE

MASTER DETECTION (PREVIOUSLY CALLED MD AGENCY)

2011 – 2019

Installed infrared security beam alarm systems on plots and farms in Gauteng, South Africa.

- Developed skills in designing and building electronic circuits.
- Assisted customers in planning and implementing effective alarm system protection to safeguard against unwanted visitors and potential security threats. Strategically placing infrared beams to detect and deter intruders with a loud siren sounding and an SMS sent to the customer or armed response security company.
- Ensuring the correct hardware requirements for each alarm system to ensure optimal performance and reliability.
