Academic writing, Microsoft office: PowerPoint, Word, Excel, Access and Teams.

Video editing using OpenShot video editor.

Education

2023 – Present BELGIUM CAMPUS ITVERCITY

Diploma in Information Technology – Online, Kempton Park, South Africa

Currently pursuing a Diploma in Information Technology as a third-year student, expected to complete the course this year 2025. To qualify to graduate I need to work at least 6 months in an IT-related field.

2004 – 2009 National Senior Certificate at Hoërskool Jeugland, Kempton Park

Languages

Afrikaans - Home Language and English - First Additional Language

Work Experience

01/2011 – 12/2019 Master Detection (Previously MD AGENCY)

Installed infrared security beam alarm systems in Gauteng.

Executed the installation of infrared security beam alarm systems on plots and farms. Acquired expertise in designing and constructing electronic circuits by soldering components together for the control box that shows which beam was triggered.

Guided customers in planning and implementing effective alarm system solutions to safeguard against unauthorised access and potential life-threatening security threats.

Optimally positioned infrared beams to detect and deter intruders, triggering an audible alarm. Also integrated a system for sending an SMS notification to the customer or associated armed response security service.

Verified hardware specifications for each alarm system to ensure peak performance and reliability.
